Bio Niklas Nienass (MEP, The Greens/EFA)

Niklas Nienass is Member of the European Parliament for The Greens/EFA, where he is responsible for space policy. A strong supporter of the European new space economy, he is committed to establish a European space law and set international standards for space traffic management. He has a seat in the European Parliament's Committee on Industry, Research and Energy (ITRE), where he negotiates space related legislative files on behalf of the Greens/EFA group. In 2020 he graduated with a Master's degree on *Good Governance* with a thesis on international space law.

In addition, Niklas is also member of the Committees on Regional Development (REGI), Culture and Education (CULT) and Constitutional Affairs (AFCO). He is co-founder of the Cultural Creators Friendship Group, the RUMRA & Smart Village Intergroup and the Youth Interest Group. Last but not least, he is also a member of the European Parliament Delegations for Central Asia and Mongolia and Afghanistan.
